Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Examiner has asked if the unofficial proposed amendments previously sent to Examiner could be further readjusted to set forth the sequence of steps as purported by the claimed program supervision method; and Applicant's representative agreed to follow the Examiner's suggestion so that some key steps in the supervision of the completed object are better understood after those steps are laid out as to follow a clearer time sequence. All independent claim, it has been agreed upon, are to include similar change and from there allowance could be established and effected via Examiner's Amendment.
